## Mary Polyakova's Post

**Mary Polyakova**

Sales Leader East at SecurityScorecard Inc.

31m · Edited

I am happy to announce that I am starting my new role as VP of Central US at [Safe Security](#), the industry leader in Cyber Risk Quantification and TPRM! I am super excited to be joining the exceptional team at Safe Security and to have the opportunity to represent such an innovative product that solves a gap for many organizations.

I was introduced to Cyber Risk Quantification by one of the CISOs I worked with and have been watching the space for a few years to see how it evolved. It is very rare where you see the perfect mix of great people, innovative product ahead of the pack & the right time to address a key area for Security & Risk professionals.

Thank you [Nicola \(Nick\) Sanna](#) and [Saket Modi](#) for the opportunity.

Also, i am hiring so please reach out or share with your network. I am looking for a few people and they can be located in any of these states: OH, MI, IN, KY, MN, WI, NE, KS, MO.

[#CyberSecurity](#) [#CyberRiskQuantification](#) [#TPRM](#)
